BLOOD WILL TELL

No Blood, No Life! Poor Blood, Poor Life! Pure Blood, Good Health.

No person can have good health without pure blood, as all diseases are directly traceable to a diseased or impoverished condition of the blood. Impure blood falls short of its duty of nourishing the system. The color and life in the blood is the iron there is in it, and with the lack of iron there is just as certainly a lack of health. lack of health.

Read this testimony of W. C. Josselyn regarding Dr. Harter's Iron Toulc. "State of California, City and County of San Francisco.

State of California, City and County of San Francisco.

Before me, the undersigned authority, a notary public in and for said city and county, personally appeared W. C. Jossellyn, who being duly aworn on oath deposes and says:

"I am a merchant tailor, doing business at 9 Geary at, rooms 1, 2, 3 and 4, in the city of San Francisco. I am now hearly 59 years of ase, came to this coast on the bark Rocket in the year 1850, and have been here ever since.

"Twenty years ago, at White Pine, Nev., I was attacked with what my doctors termed rheumatism. My case baffled the skill of the physicians at that place and those at Virginia City, who advised me to come to this city for treatment, which I did fourteen years ago, and placed myself under the care, one after another, of the best physicians that money could procure. I kept growing worse all the time, and supposed that I never would get well. For the last eleven years I was unable to put my coat on without some one helping me. During this time I lost the use of my left hand, which had become drawn out of shape and badly swollen from the effects of the disease. come drawn out of shape and badly swollen from the effects of this disease. About nine years ago ulcers formed on that hand; they grew so large that a walnut could be dropped into them. About a year ago ulcers formed on my right temple, one on my forehead and one on my left cheek. My physicians decided that a portion of my cheek bone must be removed before I could recover, but I declined to have it done. I was in this ulcerated conditions I declined to have it done. I was in this ulcerated condition, very much debilitated, confined to my bed, with no appetite, my friends having given up all hopes of my recovery, when, during January last, I received one of Dr. Harter's simanacs, read it and resolved to try Dr. Harter's Iron Tonic. I quit using all other medicine and commenced taking the Iron Tonic as directed, occasionally taking a dose of Dr. Harter's Little Liver Pills.

Liver Pills.

"After taking one bottle I felt a change; the ulcers commenced to heal, my sufferings grew less and I regained my appetits. After taking five bottles of the Iron Tonic the ulcers were completely healed. I now feel as free from aches and pains as a 5-year-old boy, can dress myselt without assistance, attend to my business and walk miles without fatigue. I attribute my cure, not in part but wholly, to the use of Dr. Harter's Iron Tonic.

(Signed)

"W. C. JOSSELYN.

"Subscribed and aworn to before me this 9th day of May, A. D. 1896.

(Signed)

"W. F. SWASEY,

Read this from another Texas man: "Dalles, Texas, December 16, 1897.

"Publisher News, Dallas: Dear Sir—To those suffering from indigestion, loss of appetite, billousness and general running down of the system, I cheerfully recommend Dr. Harter's Iron Tonic, It worked wonders for me. CHAS, E. FIELD.
